January 16, 2024

Present were Eric Mueller, Chairman, Barry Callis, Member

Also present Kevin Forgue, Health Agent, Joshua Stockton 245 Tremont St.

Absent: Arthur Borden, Member

Meeting called to order at 5:00PM

PUBLIC HEARINGS - NONE

DISCUSSION

- 245 Tremont Street - Request for Enforcement

Mr. Forgue received a Request for Enforcement from Thomas and Laura McNamara (246 Tremont Street) regarding a large accumulation of industrial and agricultural waste in the front yard at 245 Tremont Street. I read on Facebook that this "waste" was for sale and on Sunday I happened to go by the property and saw two pickup trucks loading a sizable amount of fencing, posts and the like.

Mr. Stockton - It is my intent to sell all of the agricultural items. Since losing the lease on the land at Cross St, I have returned a small number of the animals to my property. The property has recently been inspected by Animal Control Officer Pike.

Mr. Forgue - I would like to come by your property to assess the conditions.

Mr. Stockton - No problem

Mr. Forgue - Let's meet this Friday, Jan. 19 at 9:00AM (time agreed upon by Mr. Stockton)

- Southern Plymouth County Public Health Excellence Collaborative Inter-Municipal Agreement (IMA)

Mr. Forgue provided copies to members. This document is meant to replace the current Memorandum of Understanding (MOU). Please review and know that once the final document is prepared the BOH, Select Board and Town Administrator will be requested to sign.
